

Classic Planes Quilt Pattern Set By BINKY, for Quilt Nouveau Designs

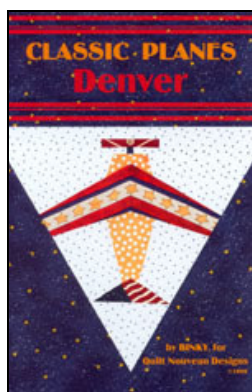

This quilt pattern set contains one border pattern and twelve airplane patterns. The collection includes six pieced patterns and six appliqué patterns. Each pattern has the name of the US city which in some way inspired its design. In the picture of the quilt, the top row and center row are the appliqué designs and the second, fourth and fifth row are the pieced designs. The Philadelphia plane is repeated to make a total of thirteen planes in the quilt.
