

Hang-Ups™ Fabric Hangers Instructions:

Magic Moments Promotional Products, Fax: (541) 482-4395

Directions for Use:

1. Lay fabric flat. Space hangers 12 to 18 inches along top edge, depending upon weight and overall size of hanging.
2. Turn top nut so as to loosen curved piece of each hanger.
3. Slip fabric under gently rounded curve as shown in diagram.
4. Hand tighten top nut (only enough to secure fabric).
5. Suspend hangers on wall by placing the hole in the backs over hooks, nails, push pins, etc.
6. With the fabric hung on the wall, fine tune the position of hangers so that support is even.

Note: It is desirable to rotate fabric or put up a new hanging every few months to allow fabric to rest. Hanging fabric out of direct sunlight will reduce fading.
